**Press Release**  
**Annexation of Parts of North Vetum and Incorporation into Vijaypurindra**

In the evening of Friday the 13<sup>th</sup> of March 2026 AD, a school operating in North Vetum was directed by “Title”, an extremely fraudulent teacher and director. We have sent two personnel, one from the 2<sup>nd</sup> Rangers Cohort, Yarekian Federal Ground Force, the other being his pet dog, classified as an “irregular”. We have also cooperated with one personnel from a mechanized infantry division from Tritonikis.

This resulted in the capture and retreat of the school director “Title”, who was actually a Tritonikin opposition, and our claiming of territory. The territory was first under YFGF control before it has been incorporated into Vijaypurindra as the city of Śīdhañā.
